RDP | Product Philosophy

Most Affordable

we design products to give more value than what you pay for & we ensure the best customer experience at all touchpoints.

High Quality

performance & reliability of the product are the two paramount metrics literally product development teams lives with.

On-Time Support

we call on-time every time, a robust ticketing system, SLA's & SOP's are always helping us to improve the bar every day.

Un compromised customer experience...

On-Time Response [OTR]

Communication is the key in any relation, when comes to business it is everything, we'll ensure OTR from all teams at all the touch points (be it pre-sales, during sales, delivery, after sales & retention) proactively.

On-Time Delivery [OTD]

SCM (Supply Chain Management) team in RDP backed with strong PPT (People, Process, Technology) we connected logistic partners apps to our ERP to automate both forward and reverse logistics on-time.

On-Time Support [OTS]

RDP has a robust mechanism to handle support queries thru support CRM to ensure every support ticket is resolved within the SLA, we call this as 'On-Time Support' every time !!!
